Re: **Public Records Request**
George M. Papale, Esq.

Dear Doctor Feldman:

The Louisiana State Board of Medical Examiners ("Board") has no public record stating whether George M. Papale, Esq., was ever elected as a judge. Furthermore, responses to public records requests are sometimes done with the assistance of counsel and we object to producing such information for your request on grounds of attorney-client and work product privileges.

In the future, please direct all public records requests to my attention instead of Dr. Cresswell as he is not responsible for handling such requests.

Yours very truly,

LOUISIANA STATE BOARD
OF MEDICAL EXAMINERS

Vincent A. Culotta, Jr., M.D.
Executive Director
